Dear Students, Families, Friends and Caregivers,

Unfortunately, the Activity Centre has come to a grinding halt this week as some of our Ranfurly community have come down with covid. We firstly want to say to those of you who are unwell, we are thinking of you. We know it can effect each person differently and recovery can look different for each person. Please reach out if you need help and we will try to support you as best we can or refer you to the help you might need. We hope you get better quickly, remember to rest and take it easy!

Thank you to everyone for your messages of support, we have been very lucky over the last 2 years, and also thanks to all the precautions and safety measures we have all been using, that we have not been in this position before. We thought we were nearing the finish line but it seems we have had a bit of a trip up! We know that this news will feel very scary for many people and having to return to bubbles and the Activity Centre going back to the zoom and online program is very unsettling. We were enjoying the return of routines, being together again, timetables, going back to volunteer work in the community, and fun outings like the movies! But it won't be long and we'll be back to business as usual again soon but for now we want to keep as many people safe and healthy as possible.

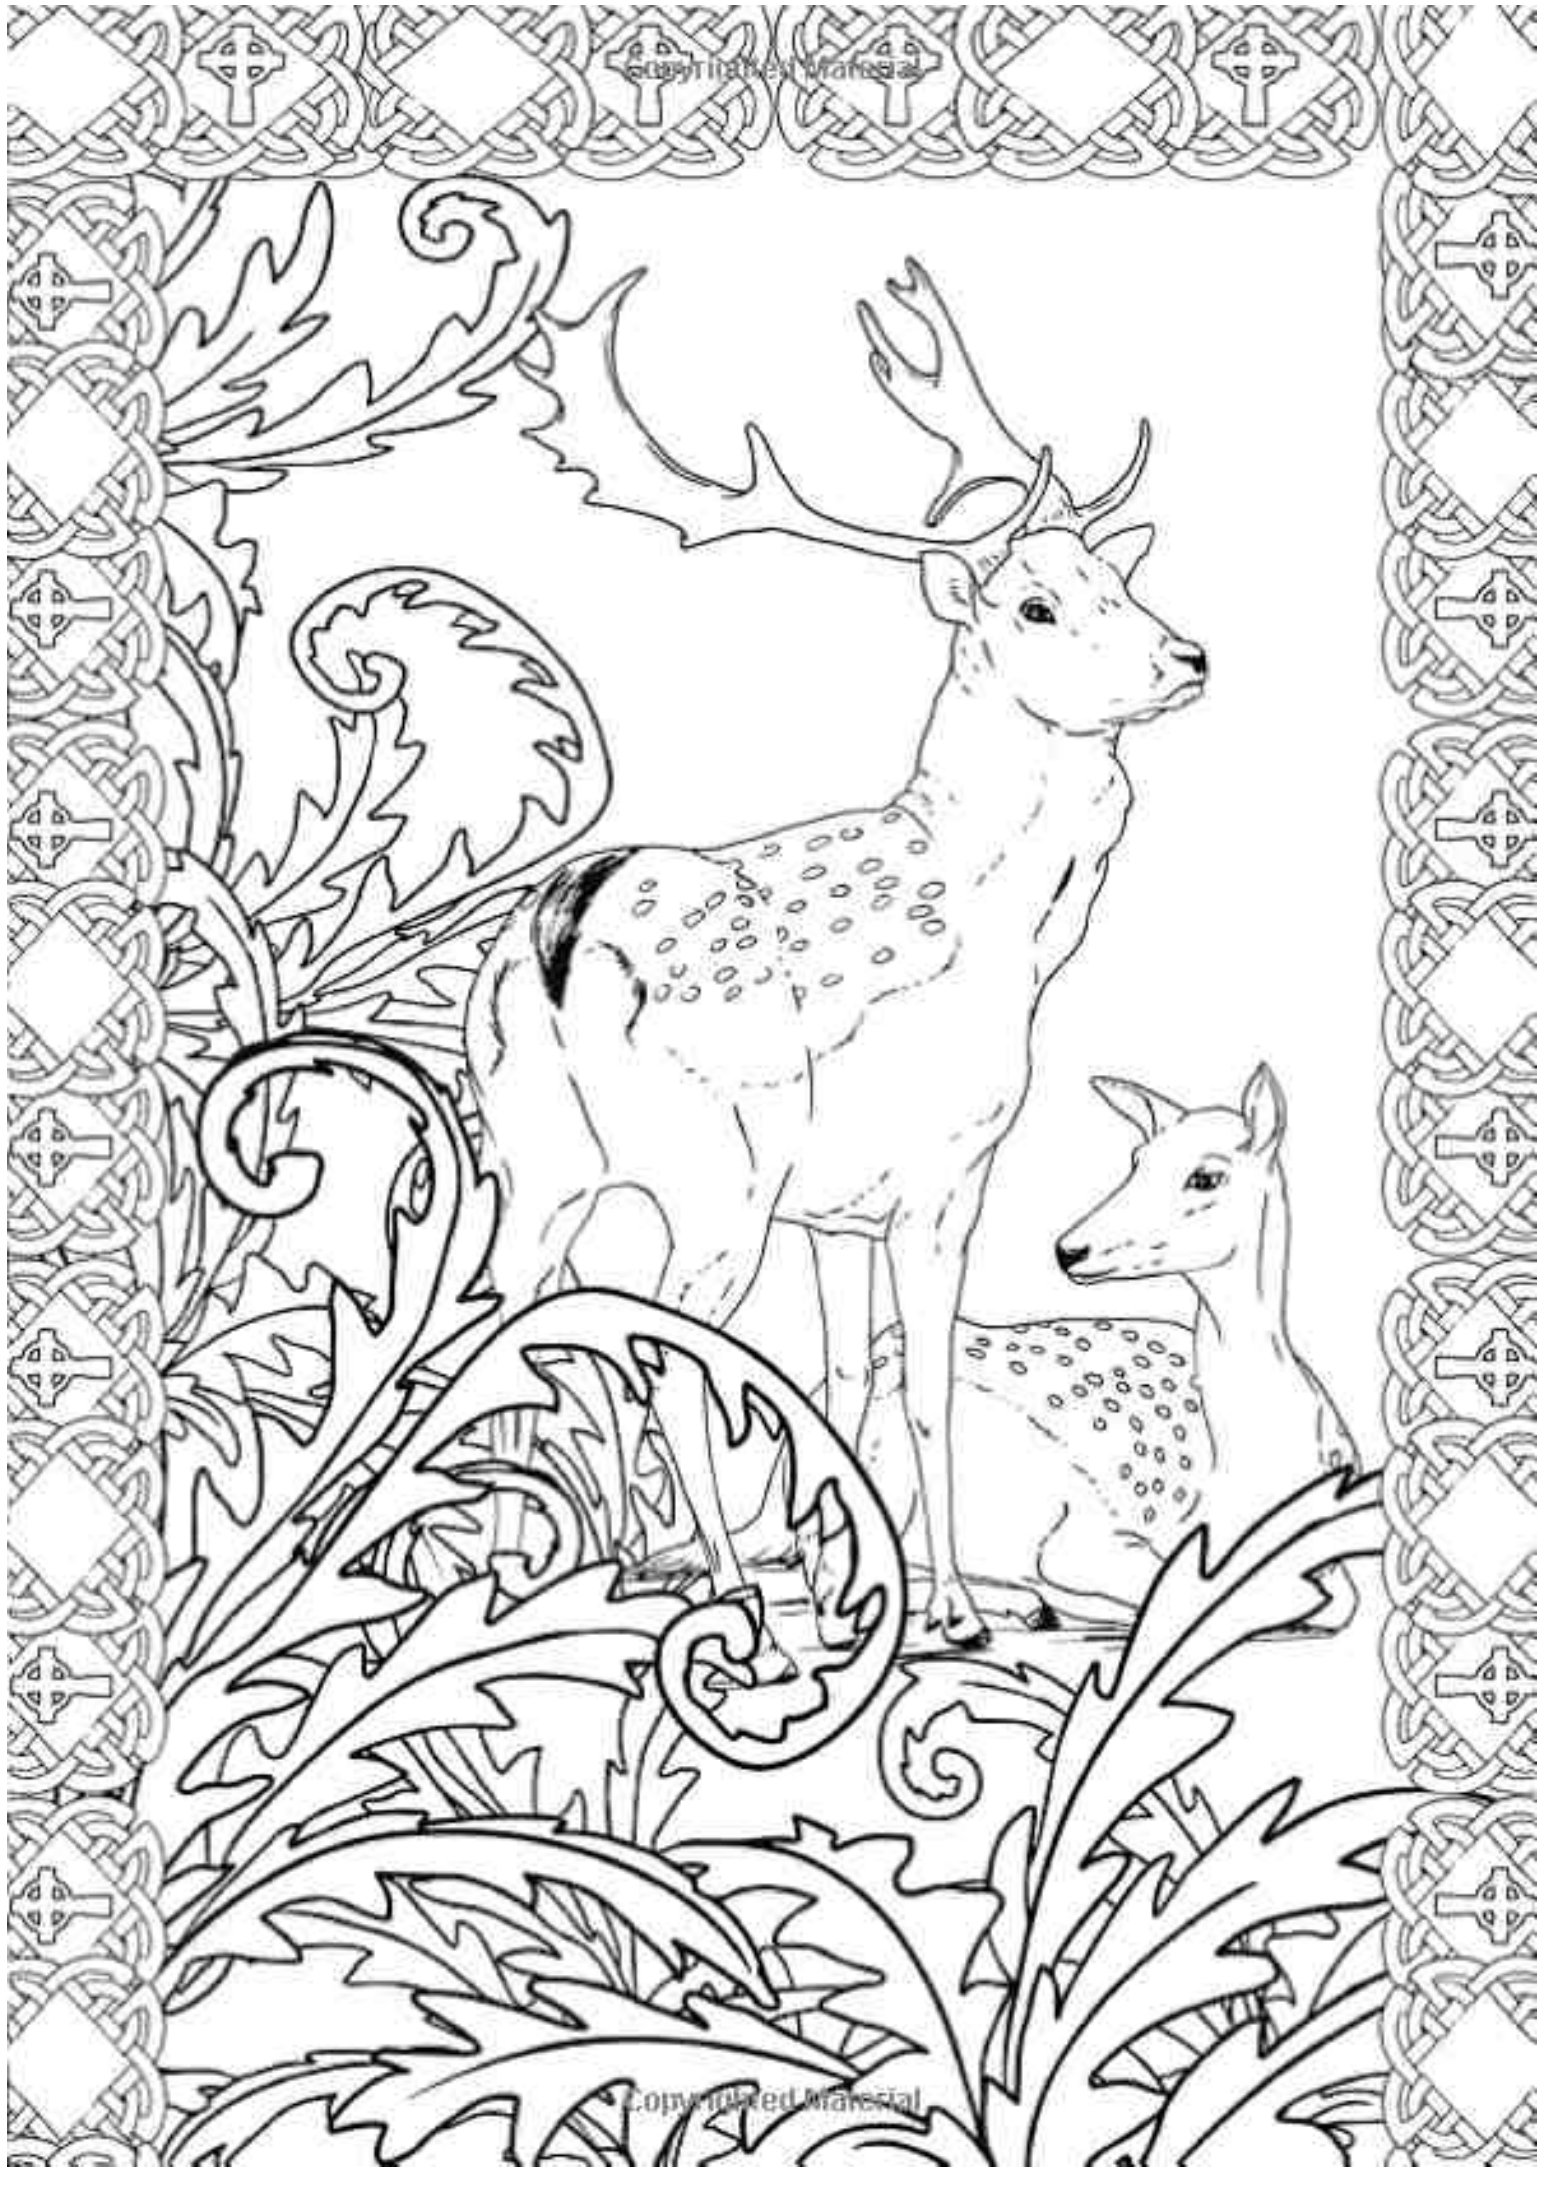

This week you will see we have put together a quick zoom timetable which will be very dependant on which staff are available. We apologise in advance that things may change as the week goes on depending on staff health status, as I am sure you understand.

Over the last couple of weeks we have had a great time at the Activity Centre getting out and about again. We organised a private screening at the Lido Cinema to see the film "The Bad Guys" which was lots of laughs! It also had some great messages for us all about no matter what our past mistakes are, we can always move forward and do the right thing today.

Our gym and swimming crew have been so happy to be able to return to the Olympic Fitness Centre as well and work on their fitness, swimming skills and health and wellbeing - and of course a lovely relax in the spa.....

We hope to return to operations as usual as soon as it is safe to do so and in the meantime we will keep in touch.

From the Activity Centre Crew
