

LOCKDOWN LOWDOWN

8 SEPTEMBER

Clare had a go making scones following along with Mike and Melissa

Bobbie, Chris, Kezia and Scott joined the zoom art class

Guess who? Do you know who is behind this disguise?

Dan has been learning using the tablet for zoom calls!

Kia Ora,

Thank you all for making the effort to participate with us in our remote Activity Centre program through all the technical difficulties of zoom, the challenges of trying photograph and video things to send through, chatting to us on the phone and keeping in touch with "Mission Control". We are looking forward to Bobbie and Lynne's Bakery to open once lockdown is over after hearing about all their delicious baking! Put in your orders for fresh crumpets! Maybe Clare can work there making the scones!

We are celebrating Maori Language week by sharing our Te Reo knowledge. We have asked students to send us a video of themselves telling us a Maori word they know and what it means. Hopefully, we can all learn from each other a few new words and this will be posted to youtube.

We have received loads of fantastic "Portrait" photos for the photography challenge and even some video - thank you Archie or should I say Blackadder! This video will be finalised by the end of the week so if you have not had the chance to take part and send us your photo you have a few more days to do so. You can see one example up above.

Our Zoom activity program has been mostly running well with the odd technical challenge! Please give us a call at the Activity Centre if you get stuck with any zoom problems, we will try to help. Or if you would prefer a phone call we can do things the old fashioned way too! We have a few different sessions to cater to different interests so hopefully there is something there for everyone. It's been lovely to see a few new faces on zoom this week.

We hope you are enjoying the youtube channel content. We try to give you something to look forward to everyday of the week with new content most days so don't forget to visit our channel there are over 100 videos to watch. We also post content to the Ranfurly Care Society facebook page.

The limited on site Activity Centre team are also working hard to assist our residential students by making daily meals to send over so the kitchen is also busy!

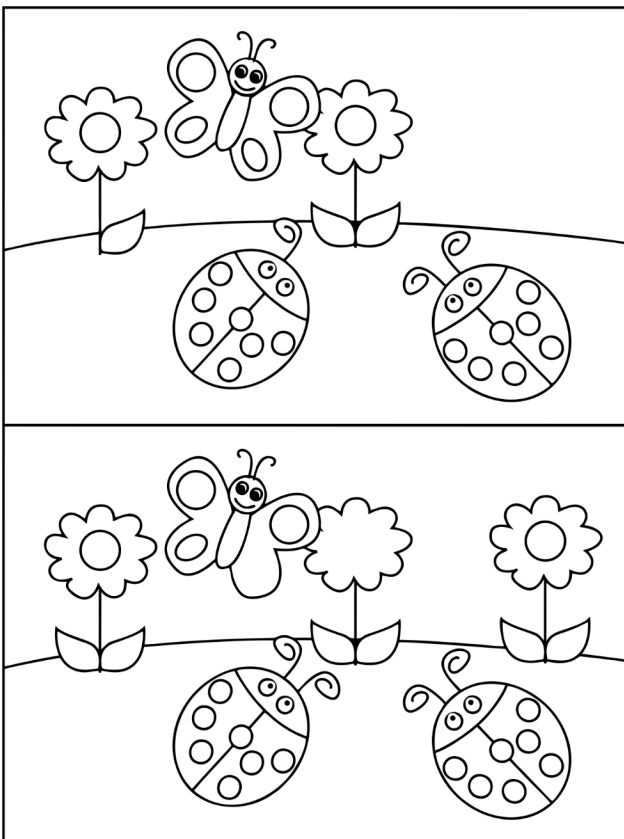

We are looking forward to seeing you all again in Level 2 and are planning how we will create our bubbles at the Activity Centre again in the future when it is safe to do so.

A big Happy Birthday to Helen who turns 40 this weekend! We hope you have a special day.

Take care, stay safe in your bubbles and keep in touch,

From the Activity Centre Crew :-)

Find 5 Differences

Maths

Manori made 4 pizzas. She cut each pizza into 4 pieces. How many pieces of pizza did she have?

Clive was singing at work and cracked 5 windows. Each window cost \$100 to replace. How much did it cost to fix all the windows?

Glynis danced to the wiggles big red car song 3 times a day. How many times did she dance by the end of the week?
